Fire Patrol Report

April 2017

Spring 2017 has shifted from a mild wet winter to our early annual dry out. Warm temperatures, low humidity and brisk winds have again increased the fire danger levels in our region. Partially due to these factors and partially due to the early influx of campers in the forest, we have decided to start our Fire Patrols a couple weeks early again this year. Our first patrol began on Saturday of Easter weekend.

Statistics:

April 15	65 campsites visited	no trash	3 illegal fires
April 16	72 campsites visited	no trash	6 illegal fires
April 22	46 campsites visited	no trash	no illegal fires
April 23	49 campsites visited	no trash	6 illegal fires
April 29	40 campsites visited	no trash	2 illegal fires
April 30	55 campsites visited	no trash	2 illegal fires
Totals	327 campsites visited	no trash	19 illegal campfires

Ron Sattelmaier – Fire Chief
